MOUNTING EXCITEMENT

Mounting Excitement – New Marketing Plan Approved

- Beginning in September, our club will be involved in a 12-month plan aimed at building our membership through increased community awareness.
- Members will be the backbone of this plan as each will be involved in low key actions resulting in *America's Boating Club Cocoa Beach* being the “go-to” place for boat lovers looking for education, boating events, social events, and having fun on water and land.
- Our club will welcome non-boaters...who knows, we may convince them to get out on the water with us.
